Jun 27th Report – Business Meeting

Chairing the Meeting: Bob Butler. Just a note that President Bob, waited patiently for the Sergeant-at-Arms to sit down, turn off her phone, and get settled for the meeting which then started 6 minutes late. I think he even got fined for starting late if I recall...so that's how she drives up the fines.

Joanne led us in O' Canada

Visiting Rotarians – None

Guests: Bev Hilton (Roy's Better Half), Hans (guest of Anne-Marie's), Arjun Manhas, and David Bennet (3rd meeting)

The Business Meeting, general notes etc., etc.

Anne-Marie announced that we have a commitment in principal from Fidelity for next years Bond Event (the 10th)!

Short Term investment strategy discussion – Greg motioned to have this decided by the Executive, which happened to be meeting the next day. It was quickly passed. Aren't we a bunch of great delegators!

Ross gave a short speech on our International support, giving a short history of the club along the way as a bonus. It was noted that 4 or 5 years ago, at the Winchelsea Restaurant, the then Executive, held a retreat to chart the course of this merry band of gentlefolk. Our support of community and International was to be \$1.00 to International for every \$4.00 spent locally.

Ross noted that there are 3 ways for us to help.

1. Cut a cheque
2. District Simplified Grants – matching grants up to \$2500.00
3. Matching Grants – find a host club, put in \$10,000 (as an example), District would match that adding \$10,000, and the Rotary International Foundation matches the total adding another \$20,000 for a grand total of \$40,000

Ross then updated us on conversations he had with a Host club in Northern Tanzania regarding Dr. Chris Fraser's project, and advised that the local club already had 5 projects on the go (the max).

Don Irvine added that he is looking at traveling to Cambodia in a 'Friends Across Borders' initiative. He will advise as to whether there is a host club available to help administer on that end. Ross and Don will work together and report back to us.

Ross suggested we set a budget for next year. That sounds like work... hey let's delegate it to the Executive!

Fred reported on the Rotary Field house project. Groundbreaking will begin in September, with scheduled completion next Spring. It will even have meeting space big enough for us to party in (I mean meet in)!

Sergeant at Arms –Joanne was itching to get fining people, even standing before discussion had even concluded. I like her energy! She was viciously writing notes on whom to fine – we must have been a bad bunch, because she had to empty the collection cup it was getting so heavy. She even fined some of our fair members for things that didn't happen at the meeting. Be careful folks, even what you do in your private lives can be fined now!

50/50 – No winner, again.

Meeting was adjourned a little late (all the tears for Bob's last day as our Leader). Fellowship followed at the Earl's on the patio.

Notes: It was Ross & Judy Fraser's 43rd Anniversary (that's what he said) on the 27th day of June. Also my Beautiful wife celebrated a milestone Birthday – her 30th (with ten years experience) on the 28th of June. Love you Sweetie! Alec Watson's wife also celebrated on the 28th (hope the hang-over has worn off Suzanne).

Jokes of the week – President themed (tis' the season)

"An aide to the prime minister of Canada called President Bush a moron. Well that's not fair. Here's a guy who never worked a day in his life, got rich off his Dad's money, lost the popular vote and ended up president. That's not a moron, that's genius!" — Jay Leno

"The president finally explained why he sat in that classroom on 9/11 for 7 minutes after he was told the country was under attack. He said he was 'collecting his thoughts.' What a time to start a new hobby." —Bill Maher

"Last night, in a prime-time address, President Bush said he backed limited federal funding for stem cell research. That's right, the President said, this is a quote, the research could help cure brain diseases like Alzheimer's, Parkinson's, and whatever it is I have." —Conan O'Brien

"George W. Bush surrounds himself with smart people the way a hole surrounds itself with a donut." —Dennis Miller

"Bush is smart. I don't think that Bush will ever be impeached, 'cause unlike Clinton, Reagan, or even his father, George W. is immune from scandal. Because, if George W. testifies that he had no idea what was going on, wouldn't you believe him?" —Jay Leno

"When Stevie Wonder took the stage at the Kennedy Center, President Bush waved to him. Realizing his faux pas, President Bush turned to his wife and said, 'Oh my God, do you think he saw that?'" —Tina Fey. *Saturday Night Live's* "Weekend Update"
